Location : Hyderabad,India

SUMMARY

Proficient in React.js, Next.js, Redux and TypeScript,I specialize in diverse UI development using Bootstrap/Material-UI, Restful API, GraphQL,I have extensive experience integrating third-party APIs like Stripe, Twilio, and Google Maps.

My expertise extends to backend development,where I utilize the Mongoose ODM library for MongoDB and work with SQL, including writing aggregate functions.I am skilled in Node.js and Express, incorporating libraries such as JWT,FS,Nodemailer,Mongoose,Sequelize,cors, etc.

TECHNICAL SKILLS

FRONT-END :- HTML5, CSS3 and JavaScript ES6 React, Redux, TypeScript, Bootstrap, Material UI,UI/UX Design, jQuery, JSON,

BACK-END :- RESTful WebServices, SwaggerUI, NPM, Node.js, Express, Gradle Kotlin Expo SDK, MongoDB , MySQL,

OTHER TOOLS :- VScode, Android Studio, GitHub, Xcode, Simulator, Firebase Crashlytics, Apache server, SVN Git, Debugging tools, Postman, WordPress, JqueryUI, Notepad++ etc..

PERSONAL PROJECT

Yummy (Food ordering web-app) - **Live Review | Code Source**
This is a Single page web-application where users can order different types of food, it's fetching the data from an API Implemented MERN stack integration using React techniques such as Routing, CRUD operations, form validations etc. Built function components using React Hooks, created API and also used libraries like redux, bootstrap, etc

Info Employee (Employee data management) - **Live Review | Code Source**
Employee management system and single web-application which can store the data of company employees and manipulation data of employees using React techniques such as Routing, CRUD operations, form validations etc. Built function components using React Hooks, created API and also used libraries like redux, bootstrap, etc

EXPERIENCE

TECHNO RIDERZZ | Hyderabad   Sept 2022 - Mar 2023
Completed six months of internship on modern full stack development. learned industry best practices and practical software development standards by collaborating several hours with a senior web developer and worked on company projects.

FREELANCE | Up-work - Fiverr   April 2021 – Current Date
I have developed a wide range of websites using HTML5/CSS3,MySQL and Javascript,React including sites for startup companies,small businesses and individuals.

EDUCATION

Bachelor of computer application (BCA) - *CGPA:7.4/10*   August 2021 - July 2024
Osmania University | Hyderabad

Relevant Coursework : Object Oriented Programming, Databases, Discrete Math, Data Structures and Algorithms, Operating Systems, Computer Networks, Machine Learning, Data Mining, Information Retrieval, Image Processing etc..
